

Eduardo Castillo | Frontend Developer / Web Engineer

Remote, Italy

+39 348 3448387 | sir.edwardcastle@gmail.com | github.com/edwardcastle | linkedin.com/in/eduardo-castillo-dev

Professional Profile

Frontend Developer with over 6 years of experience designing and developing modern, high-performance, user-oriented web applications. Specialized in Vue.js, Nuxt.js, and TypeScript, with strong focus on code quality, accessibility, and performance optimization. Experienced collaborating with designers and backend teams to transform design systems into fluid, scalable, and responsive interfaces. Passionate about animations, reusable components, and frontend best practices.

Work Experience

Frontend Developer -- Enterprise Projects

Remote, Italy

Employer: Dacomat S.r.l. - Delivery partner: Reply S.p.A.

Jun 2025 - Present

- Frontend development for enterprise clients in the energy and industrial sectors
- Interactive dashboards and data management interfaces built with Vue 3 and TypeScript
- Dynamic tables with filtering, pagination, and optimized sorting
- File import/export flows and large-dataset handling
- Performance optimization: lazy loading, code splitting, reusable component libraries

Freelance Frontend Projects

Remote

Frontend Developer (Freelance)

Jul 2024 - Jun 2025

- BattleBucks (Costa Rica) -- Solana blockchain integration via Reown for authentication and transactions
- BattleBucks -- Real-time chat with WebSocket and REST API, PWA configuration
- Gitfast (Mexico) -- New features and UI component library, performance optimization
- Gitfast -- Frontend refactoring for scalability and readability

Elkanodata

Remote, Spain

Frontend Developer

Sep 2023 - Jun 2024

- Animated and interactive interfaces with Canvas and SVG
- Design-to-code from Figma and Zeplin into responsive, cross-browser layouts
- Dynamic content integration via Prismic CMS and WordPress
- Performance optimization for loading times and animations across devices

Teavaro

Remote, UK

Frontend Developer

Aug 2022 - Sep 2023

- Admin platform maintenance and development for user and data management
- JavaScript to TypeScript migration for improved stability
- Reusable Vue components and automated testing implementation
- Backend collaboration for API optimization and caching

JADE Solutions

Remote, Cuba

Frontend Developer (Freelance, part-time)

Nov 2022 - Jul 2023

- CMS pages, SEO optimization, and Google OAuth integration
- Mobile layouts with Ionic and Capacitor
- E-commerce admin panels

ONAT

Hybrid, Cuba

Frontend Developer

Sep 2019 - Aug 2022

- UI design and development for administrative systems
- Reusable components and client-side rendering optimization
- REST and GraphQL API integration
- UX improvements based on user feedback

El Catre

Frontend Developer

Remote, Cuba
Aug 2019 - Sep 2020

- Interactive UI components and pages with Vue.js and Nuxt.js
- GraphQL API integration and real-time updates
- Docker environments for frontend deployment
- UX optimization through performant layout and animations

Education

UCI University

Computer Science Degree

Cuba
2013 - 2019

- Specialization in Java and object-oriented programming
- ACM-ICPC competition participation
- Thesis: CAD system development with C++ and Qt
